About Us

Avalon was founded to provide quality real estate investments in the Dominican Republic.

We are committed to providing a reliable and trustworthy service to our clients. We strive to ensure a positive and successful experience for every client.

avalon

The logo for Avalon features the word "avalon" in a lowercase, black, sans-serif font. The letter 'o' is replaced by a circular icon containing a stylized illustration of three buildings of varying heights, representing a city skyline or real estate development.

With over 20 years in the real estate development industry, Mr. Ameen Ali has been responsible for the oversight and development of over 50 real estate ventures in the Greater Houston area. After graduating from University of Texas Austin and obtaining his CPA license he started his own practice and served on the advisory boards of several banks. As a distinguished member of the community, Mr. Ali not only recognized the potential of the Houston market but also its need for positive change and growth. In 2004, he sought to transform Houston's real estate industry and began his first development initiative. Since then, Mr. Ali has consulted and supervised the development of several projects with a specialization in high-rise condominiums, hotels, and commercial centers. His most well-known projects in Houston such as Sophie Condominiums, Tru By Hilton, TMC Dual Brand Hyatt, La Quinta and Giorgetti Houston have been pillars to Mr. Ali's distinguished success and motivation to introduce his expertise to the international market.

THE SOPHIE
